# What is Aeromart Korea ?

Aeromart Korea: the first event of its kind in Korea. The event includes a 2-day program of One-to-One Meetings, workshops, OEMs procurement and supply chain policies sessions, innovative seminars and key conferences, dealing with the latest and most crucial topics of the aerospace sector.

This will be an opportunity for a small number of companies to visit facilities, interact with local businesses and officials and increase their knowledge of the region's business potential. This mission is aimed at companies who are interested in investing or developing a supply base in Korea.
